Early College students - please refer to uncw.edu/admissions for the most up to date information on how to apply.

Transfer Considerations

Transfer of Credit

Please visit the Transfer Credit Equivalencies website to see how your coursework may transfer. UNCW will accept a maximum of 93 semester hours of credit from a four-year institution and 64 semester hours of credit from a two-year institution. Credit earned at another institution with a grade of a “C” or better is accepted by the university if the coursework is comparable to courses at UNCW. Please note grades below a “C” (including a “C-”) are not transferable.

For more information on Transfer of Credit, AP, IB or CLEP, visit uncw.edu/admissions/TransferCredit.html.

Active Duty and Veteran Service Members

Military applicants who have served at least two years must submit an official Joint Services transcript (JST) or Community College of the Air Force transcript for consideration of credit. General and departmental elective credit will be awarded (as applicable) with submission of transcript(s). Basic Training will fulfill the university’s physical education requirement.

For more information, visit uncw.edu/military.

Former UNCW students

Students who left in good academic standing and who have been away from UNCW for at least **two consecutive semesters** (excluding summer) and wish to return to the university can apply as a re-enrolling student through the Office of the Registrar.

Please refer to uncw.edu/reg.

Comprehensive Articulation Agreement (CAA)

The North Carolina General Assembly, the Board of Governors of the University of North Carolina and the State Board of Community Colleges are committed to simplifying the transfer of credits for students, thus facilitating their educational progress as they pursue associate or baccalaureate degrees with public post-secondary institutions in N.C. The CAA is a statewide agreement governing the transfer of credits between N.C. community colleges and state public universities. Its objective is to facilitate the smooth transfer of students, providing certain assurances to the transferring student by identifying community college courses that are appropriate for transfer as electives and specifying courses that satisfy pre-major and general education requirements.

** For the most up-to-date information, visit northcarolina.edu and search Comprehensive Articulation Agreement.*
